Assurity About Secure Email

Using ZixCorp

Assurity has implemented ZixCorp secure email solutions to protect our email communications, ensuring all personally identifiable financial information remains confidential.

Using the ZixCorp system is easy - and it's free.

First, users must create an account. Click here to do so.

Registration requires only your email address, a password and a password reminder. Passwords must be at least six characters and must meet two of the following three conditions:

- Contain both alphabetic and numeric characters
- Contain both uppercase and lowercase characters
- Contain at least one special character such as: ~!@#\$%^&

When your information has been submitted, a confirmation email will be sent to you to activate your new password and provide further instructions.

To protect consumer data and comply with improved best practice standards, all email communication you receive from us containing personally identifiable financial information takes advantage of ZixCorp's encryption services. ZixCorp's easy-to-use e-messaging protection makes it simple for you to receive, read and reply to all our encrypted communications - whether you are a ZixCorp customer or not.

The privacy of business communications is important to us, and we want to ensure your information remains private.

<u>Click here</u> to log in and use your encrypted ZixCorp email account.

Retrieving a Secure Email Message (page2)

Retrieving a Secure Email Message

To retrieve your secure email message from the SecureMessage Center:

Click the hyperlink in the email message.
